PURPOSE

To explain to parents/carers:

- how Camberwell Primary School collects, uses and discloses photographs, video and recordings of students
- when parent/carer consent is required before photographing, filming and recording students
- how consent can be provided and withdrawn.

SCOPE

This policy applies to the general collection, use and disclosure of photographs, video and recordings (images) of students. It does not cover the use of Closed-Circuit Television (CCTV), which is covered in the department's CCTV in Schools Policy, or the use and disclosure of photographs, video and recordings of adults.

POLICY

There are many occasions during the school year where Camberwell Primary School staff photograph, film or record students participating in school activities or events, for example classroom activities, sports events, concerts, excursions, camps etc.

We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning programs, document a student's learning journey/camps/excursions/sports events, communicate with our parents and school community in newsletters and on classroom apps such as Seesaw.

There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that Camberwell Primary School has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which we will seek parent/carer consent and how consent can be provided and withdrawn.

Consent

The Photographing, Filming and Recording Students Consent Form is provided by Camberwell Primary School at enrolment. This form applies to standard uses of images for the time your child attends the school. Standard uses are defined in the following sections.

For non-standard uses, where consent is required, parents/carers will be sent a consent form for that specific situation. Schools will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If at any time parents/carers wish to withdraw their consent for any future collection, they can by contacting the school office via email Camberwell.ps@education.vic.gov.au or phone 98824663. If consent is withdrawn verbally, the school will make a written record of this. However:

- if the images have already been published and are in the public domain, it may not be possible to remove them
- the school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

Image use within the physical school environment

Camberwell Primary School may photograph, film or record students to use within the physical school environment, including:

- for display in school classrooms, on noticeboards etc (e.g. in displays of student work, on noticeboards to celebrate achievements)
- to support students' health and wellbeing (e.g. creation of social stories, including students demonstrating school routines etc. or photographs of pencil grip to assist in OT assessments.
- For display in staff only areas (e.g. staff room) to assist with identification of students with serious medical conditions such as asthma and anaphylaxis.

A Photographing, Filming and Recording Students Consent Form will be given to parents/carers on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/carer would like to withdraw or change their consent at any point in time, they must notify the school.

There is no obligation on any parent or carer to purchase any photographs taken. However, the school will need to discuss with these parents/carers alternative arrangements for identifying students in emergencies and for other essential purposes.
